

And further actions:

- Establish a Christian Education Computer Learning Lab
- Develop and prosper the museum
- Develop a Website
- Develop the walkway into a softer welcoming space between the two buildings
- Develop a communication strategy and signage that reflects our charter
- Develop a property strategy to support the charter and goals of the congregation.
- Develop an organization structure that serves the goals and mission.
- Develop an implementation plan that will see the three legs and supporting goals in place by Dec 2008

Wesley Uniting Church
Hobart

Charter

*Transforming lives through the love
of Jesus, inviting wholeness for all
- beyond ourselves.*

We are a people of hope. Our experience is shaped by the love of Jesus, and this informs our worship and participation in Christ's mission, locally and globally.

We focus ourselves on being a vital, faithful community, living by our values of:

- Integrity of worship, caring and serving,
- Commitment to growth in discipleship through prayer and study of scripture
- Diversity and inclusiveness
- Flexibility and innovation
- Honour for the past, living in the present and planning for the future and
- Being known by our love for all.

We stand together as a community under the transforming hope Jesus offers to all. We share the desire to expand our hospitality through the way we live, the way we present our church and the way we engage with all people. Our vision is for our church to be a place of opportunity for learning, for growth, for enquiry and celebration for each person and a place that can become a sanctuary for our city.

To do this we will:

- Create small groups of Prayer, Action, Learning, and Sharing
- Encourage people to grow, to question and to be equipped to seek missional opportunities in our lives.
- Create new ways for people to experience ('taste') our hospitality and to encounter God in different ways.

- Engage with people we encounter inside the complex, and outside in the city, particularly those who walk through the property. (engage with the 'flow'.)
- Engage with our Community Partners (Tenants)
- Make our complex more accessible and a welcoming place of sanctuary.
- Create 'entry points' that invite people to engage wherever they are in their journey.

Our GOALS, aimed at bringing the charter to life and revitalizing our congregation, consist of three legs of a stool:

Leg 1 Create a fresh expression of church that is both broader and more inclusive.

Leg 2 Develop Wesley as a place of learning, growth and celebration.

Leg 3 Further our mission to become a sanctuary in the city.

Specific areas that will support the three legs:

1. Establish a young families worshipping congregation
2. Develop a Music and Drama Centre within the Church
3. Establish a UnitingCare Agency (Wesley Mission) focusing on city workers, parenting, and seniors
